

2010 Axis Wake Research Warranty

The 2010 Axis Wake Research Warranty is provided to the original owner(s) of an Axis boat originally distributed by Axis Wake Research and originally sold by an authorized Axis Wake Research Dealership.

Lifetime Limited Hull Warranty:

What is covered?

The Lifetime Limited Hull Warranty covers the cost of all parts and labor needed to repair any hull, deck, floor, liner or stringer supplied by Axis Wake Research that is structurally defective in material or workmanship.

These warranty repairs or adjustments may be made by your Axis Dealership or Axis Wake Research using new or remanufactured parts. The location of any repair or adjustment will be made at the discretion of Axis Wake Research.

Axis Wake Research or its authorized dealer will repair or replace, at Axis's option, any boat or portion thereof proven to its satisfaction to be defective during its warranty period.

EXCEPTION:

The Lifetime Limited Hull Warranty does not cover the gel coat or any other component fastened or applied to the dash, hull, or deck. Gelcoat discoloration, Blisters, and gel cracks are not considered structural defects. Gelcoat along with installed components are warranted separately under Axis's Basic Limited Boat Warranty.

When it begins: The Lifetime Limited Hull Warranty begins on either of the following dates, whichever is earlier:

- a. The date you take delivery of the boat; or
- b. The date the boat was first put into service. Example, as a dealer "demo" which exceeds 20 hours or as a factory "demo"

When it ends: The Lifetime Limited Warranty extends to the original owner(s) for as long as they own the boat. The warranty is terminated upon the sale of the boat or transfer of ownership.

Axis Limited Boat Warranty:

What is covered?

The Basic Limited Boat Warranty covers all parts and labor needed to repair defective items or components on your boat supplied and installed by Axis Wake Research which

are defective in material, workmanship, or factory preparation. Axis will repair or replace at its sole discretion any defective part covered by this warranty.

When it begins: The Basic Limited Boat Warranty begins on either of the following dates, whichever is earlier:

- a. The date you take delivery of the boat; or
- b. The date the boat was first put into service. Example, as a dealer “demo” which exceeds 20 hours or as a factory “demo”

When it ends: The Basic Limited Warranty extends to the original owner and lasts for a period of 12 months from the date it begins.

Axis Extended Limited Boat Warranty:

What is covered: The Axis Extended Limited Boat Warranty covers all parts needed to repair defective items or components on your boat supplied and installed by Axis Wake Research which are defective in material, workmanship, or factory preparation to the original owner(s) of the Axis boat.

When it begins: The Axis Extended Limited Warranty begins on the following day after the original 12 month Basic Limited Warranty ends.

When it ends: The Axis Extended Basic Limited Warranty extends to the original owner and lasts for a period of 12 months from the date it begins.

Axis Power Train Limited Warranty:

What is covered?

Indmar Products Company, Inc maintains its own warranty independent from Axis Wake Research. However, to improve the level of service to our dealers and customers, Axis Wake Research administers the engine warranty on units equipped with an Indmar power train on Indmar’s behalf.

Please refer to your Indmar Engine Owner’s Manual for specific warranty coverage information.

When it begins: The Power train Limited Warranty begins on either of the following dates, whichever is earlier:

- a. The date you take delivery of the boat; or
- b. The date the boat was first put into service. Example, as a dealer “demo” which exceeds 20 hours or as a Axis Wake Research factory “demo”

When it ends:

- a. The power train coverage for Indmar-equipped units lasts for 36 months from the date it begins without any hour limitation.

What Is Not Covered:

Modifications:

Certain modifications that you make to your boat will not, by themselves, void the warranties of your Axis model boat. These include installing non Axis approved parts, components, or equipment such as: (towers, after market stereo equipment). However, your warranties do not cover any part that Axis Wake Research did not supply or parts which are not certified by Axis Wake Research to use on your boat. Nor does the Axis warranty cover the costs of any repairs or adjustments that may be caused or needed because of installation or use of non-Axis approved parts, components, equipment, materials or additives.

Environmental Factors Not Covered:

Your warranties do not cover damage/corrosion caused by environmental factor such as airborne fallout, chemicals, sand, tree sap, salt damage, ocean salt spray, mold, acid rain, and road or boating hazards. Nor does your warranty cover damages caused by acts of nature such as: hailstorms, tornados, sandstorms, lightning, flooding, and earthquakes.

Gel coat Exclusions:

Axis Wake Research prides itself on the quality and craftsmanship we put into every boat. The gel coat finish on all Axis boats is applied by hand. Therefore, very minor finish distortions or imperfections may be found in areas of the boat. Such minor imperfections are considered normal in a hand crafted product and are not considered warrantable.

Incidental and Consequential Damages Not Covered:

Lost time, inconvenience, the loss of use of your boat, the cost of rental equipment, gasoline, telephone or lodging, the loss of commercial or personal property, transportation costs to and from your dealership and or Axis Wake Research Facility for service and warranty related issues.
